Oncology Consultants
Overcoming Cancer™

OPEN ENROLLMENT 2026

Keep Your Cancer Care on Track

Before changing insurance plans, confirm that your care team and treatment services will remain covered.

BEFORE YOU ENROLL

Ask your insurance carrier:

- Are American Oncology Partners and my Oncology Consultants location in-network?
- Are my treatments, medications, imaging, and radiation services covered?
- What will I pay for deductibles, copays, and coinsurance?
- Do I need referrals or prior authorizations?
- Are there provider, facility, pharmacy, or network restrictions?

AFTER YOU CHOOSE A PLAN

Send your new insurance information to Patient Accounts as soon as coverage is active. We can:

- Verify network participation and benefits
- Identify referral and authorization requirements
- Update your insurance information

IMPORTANT: Some plans require a Primary Care Physician referral before oncology services can be authorized. Schedule required PCP visits early.

IMPORTANT REMINDERS

✓ Provide your new insurance card as soon as coverage becomes effective.	✓ Expect new deductibles, copays, and coinsurance beginning January 1.
✓ Allow extra time for benefit verification and authorizations during Open Enrollment.	✓ Marketplace plan members may need to provide proof of premium payment.
